

\$500.00
Viking 1200 Air Lift

\$575.00
Viking 1200 Air Lift, 13" Front Ext. and Vise

\$650.00
Viking 1200 with 12" Side Ext.

This is the best value for the money. We have cut out the middleman to give you the highest grade of material, craftsmanship with a two-year warranty at the lowest price. You don't have to pay for the lift changing hands several times to get to you, the customer. We are producing a commercial grade, industrial quality lift that has a two-year product warranty on material, craftsmanship, and parts.

Product Description: This Lift comes with Ramp and Foot Pedal. Handles most Two-Wheel Motorcycles, with optional Side Extensions most ATVs and Riding Lawn Mowers. These Lifts are the foundation of all shop quality Air Lifts. The lift is rated lifting capacity of 1200 lbs* and rises to a height of 30". It is 24" wide, 80" long. There are accessories available such as: a Wheel Vise, 13" Front Extension, 12" Side Extension Kit, and Dolly.

**These lifts can handle anything from a Vespa up to a Boss Hoss (lift requires the use of side extension kit with the Boss Hoss due to dimensions of the bike). The point is that, you do not have to invest in a \$1300.00 lift for the full range of two-wheel bikes.*

Viking 1200 Air Lift (basic table)	With Front Extension	With Side Extensions
Height-Down: 7" (178mm)	Same	Same
Raised: 30" (762mm)	Same	Same
Table Length: 80" (2032mm)	93" (2362)	80" (2032mm)
Table Width: 24" (610mm)	Same	48" (1219mm)
Weight: 310lbs (136.8kg)	340lbs (154.2kg)	440lbs (199.6kg)

12 Gage Steel (3.0mm) (We use the same gage steel for the lift and all accessories.)
